I. Introduction to the Bluegrass Community and Technical College Promotion and Tenure Process

In an effort to have an equitable and professional promotion (and tenure if applicable) process at Bluegrass Community and Technical College, it is vital that all parties involved in the promotion process adhere to the promotion calendar, guidelines and designated roles/responsibilities as well as the relevant procedures and timelines of the Kentucky Community and Technical College System (KCTCS). A full description of the policies and procedures can be found in the KCTCS Administrative Policies and Procedures 2.5 and 2.6; and KCTCS Board of Regents Policies 2.7 and 2.8.

On July 1, 2005, Lexington Community College and Central Kentucky Technical College became Bluegrass Community and Technical College and as such, a part of the Kentucky Community and Technical College System. The promotion and tenure process reflects some changes as a result of this change in governance. Similarities and/or changes are summarized in this way:

- The Promotion Review Notebook (PRN) is prepared as before, following the same review pathways within the college.
- The President makes her recommendation on a candidate promotion decision, and this is sent to the Chancellor of KCTCS.
- The PRN is sent to the KCTCS Senate Advisory Committee on Promotion, and this body's recommendation is forwarded to the Chancellor.
- The Chancellor makes his recommendation to the President of KCTCS who, in turn, recommends final action to the KCTCS Board of Regents.
- There are **three** portfolio formats available to faculty:
 - One integrated for new hires as of 2004 and for faculty who select to use the new integrated criteria. (Policy Section 2.1.3-2.1.3.5)
 - One grandfathered for former UK personnel and faculty hired in Community Colleges prior to 2004. (Policy Section 2.1.3, Attachment A)
 - One grandfathered for faculty hired in the former Kentucky Tech System or prior to 2004 in a technical college (Policy Section 2.1.3, Attachment B)

As in the past, Assistant Deans (formerly Division Chairs) will be held accountable for assuming a proactive role in the process and working closely with candidates to assist them in moving toward promotion whether they are tenure track or term contract faculty. They will team with their respective division-level promotion committees and work together to provide a support network for candidates. Assistant Deans will mentor candidates in their divisions, while the division-level committees will be responsible for advising candidates and proofreading each promotion review notebook (**PRN**) before it is submitted to the President's Office for review by the College Advisory Committee on Promotion.

The College Committee will operate in adherence to the KCTCS promotion and tenure administrative regulations and directives from the KCTCS President with regard to Faculty Promotion Procedures 2009-2010 that can be viewed, in their entirety, at the following website:

<http://www.legacy.kctcs.edu/employee/academicaffairs.cfm>

The timelines are posted in this document and apply to the 2009-2010 cycle. Should there be any questions or concerns about any of this information or process, please feel free to contact the chair of the College Advisory Committee on Promotion.

- At the end of each deliberation and vote, all notes regarding the candidate will be collected and destroyed.

- Chair gathers information from the Committee concerning the votes and the chair or chair's designee prepares a one-page letter for each case (according to KCTCS President's directives) which will include:
 1. The Committee's vote, without stating how each Committee member voted.
 2. Summation of the key issues and opinions, the pros and cons perceived by the Committee, and the major reasons for the positive and negative positions.
 3. Description of any special strengths or weaknesses that impressed the Committee.
 4. Signature of each Committee member who deliberated on promotion review notebook (PRN).

- Committee forwards its recommendations on each candidate in writing to the President for his review.

IX. BLUEGRASS COMMUNITY AND TECHNICAL COLLEGE PROMOTION REVIEW NOTEBOOK (PRN)

The candidate is responsible for preparing his/her promotion review notebook (**PRN**) for submission to the President's Office by the designated due date. However, the candidate's Assistant Dean and Division Advisory Committee on Promotion will provide advisement to ensure that the candidate's **PRN** meets the format criteria prior to its submission to the President's Office.

Any concerns or questions about the promotion (and tenure) process or preparation of the **PRN** should be directed to the candidate's Assistant Dean or Division Advisory Committee on Promotion. The candidate may want to consult with colleagues who have recently been promoted to the rank that is being sought and ask to peruse copies of their promotion review notebooks. Sample copies of past PRNs are on faculty reserve in the library.

Please note that the College Advisory Committee on Promotion is not responsible for proofreading the **PRN**, but for evaluating the final product and sending its recommendation to the President for his review.

IX.1. LETTERS OF RECOMMENDATION/EVALUATION

- The President's Office will solicit internal letters of evaluation on the candidate's behalf (see section VII) These letters of evaluation are to be addressed to the President and sent directly to the President's Office by the designated due date. External letters must be solicited by the candidate. These letters may be sent directly to the candidate, but they cannot be email letters. These letters should be placed in the appropriate area in which they are being used as supporting documentation.
- [New language in Policy 2.6: The president/ceo of the college has the responsibility for ensuring that each promotion file is complete and contains the advice of the appropriate division chairperson and six or more faculty letters, including at least all Associate and Professor division members located on the same campus. Faculty letters should be addressed and sent to the college president/ceo.] The candidate is responsible for providing the President's Office with an alphabetized list of names of all associate and full professors in his/her division on his or her campus, indicating those faculty who are on sabbatical or other leave. If this does not provide six names, the candidate must go wider in his/her division to fulfill the requirement. Associate and full professors are required to submit letters.** Faculty on sabbatical or other leave are not required nor expected to submit letters. It is the candidate's responsibility to solicit letters from faculty on leave if he/she so desires.

****Note:** A minimum of six (6) letters of evaluation addressed to the President from division colleagues is required.

Note: The Librarians will operate as the Learning Resources Unit and Adult Education will operate as the Adult Education Unit, of which each will function as division for promotion purposes. The Librarians will be required to submit a minimum of six (6) letters of evaluation. Letters from each associate and full professor in the Learning Resources Unit must be included, with the exception of faculty on sabbatical or other leave; if this results in fewer than six (6) letters of evaluation, letters from BCTC faculty who hold the rank of associate or full professor outside the division must make up the balance. This same requirement applies to Adult Education as well.

- The candidate has the option to include letters of evaluation from other professional associates and colleagues, from inside and/or outside the college. If the candidate chooses to solicit other letters he/she is responsible for providing an alphabetized list of their names, titles and addresses to the President's Office. A maximum of six (6) letters of evaluation will be accepted from outside of the college.
- Faculty who are supervised by a non-faculty member for a substantial portion of their PPE must solicit a letter from that supervisor for the PRN.

- The candidate is responsible for providing copies of his/her vita to those individuals from whom a letter has been requested. The formality, comprehensiveness and tone of the vita/summary are determined by the candidate. The candidate should provide as much information as possible to insure positive letters of evaluation. This information could include a description/summary of CE/CS activities, descriptions of professional development activities, academic service and leadership roles, and copies of evaluations of teaching, coordinating, etc.
- Letters of evaluation from faculty, professional associates and colleagues at the college must be submitted on official college letterhead.
- The President's Office will notify the candidate's Assistant Dean about any letters of evaluation that have not been received, in the week prior to the designated due date. The candidate's Assistant Dean will contact faculty in the division who have not submitted letters of evaluation on the candidate's behalf. The Assistant Dean will inform the candidate of other requested letters which have not been received. It is the candidate's responsibility to follow up on these requests.
- All letters received on the candidate's behalf will be placed in the candidate's PRN by the President's Office. This includes all solicited letters of evaluation, the Assistant Dean's recommendation, the recommendation from the College Advisory Committee on Promotion (CACP), and the President's recommendation. Letters received after the CACP members begin individual review of PRNs will not be placed in the candidate's PRN or otherwise submitted to the CACP.

IX.2 PHYSICAL CHARACTERISTICS OF PRN

- Three-ring binders and dividers with tabs will be provided to the candidate by the President's Office. The binder will be personalized with a cover sheet containing the candidate's name and the rank being sought.
- The candidate is responsible for all labor, including hole punching. The degree to which one's Division Office Manager or other clerical employees may provide assistance is a divisional matter.
- Use the provided binder complete with 1) tabs identifying the sections by Roman numerals, and 2) divider sheets identifying information within the sections by alphabet, to organize the materials in the order indicated by this format. Insert the requested information following the designated section and use numbers to denote the proper sequence of the information within the section. (See IX.3. Outline, Format and Content.) **Do not add extra tabs.**
- Use a three-hole punch (best if calibrated to fit the three-hole binder) to punch the holes so that all pages that will require the reader to turn the binder sideways face in the same direction. Pages that must be viewed in this manner should be bound so that the top of the pages are nearest the rings of the binder.
- Use a consistent, standard-size body text and font (e.g., Times New Roman 12-point for text and 14-point bold for headings).
- Provide clear, legible copies of documents, and **do not use plastic page protectors.**
- To keep the manuscript clean, provide a laser printer copy rather than a photo copy of materials that are generated. If promotion is received, the candidate will not get his/her **PRN** back; therefore, he/she may want to send photocopies of important documents instead of originals. It is suggested that a photocopy of the entire **PRN** be made for the candidate's own files.
