

FACT SHEET TEMPLATE

NAME OF PROGRAM Automotive Technology LOCATION Leestown Campus

DATE FORM COMPLETED 10/25/09

PROGRAM DESCRIPTION: Instruction in systems such as engines, fuel, on-board computers, transmissions, steering, suspension and brakes is the basis of this program. Knowledge of the various systems is used to develop skills in troubleshooting, performing preventative maintenance, servicing and repairing automobiles. The program, which is designed to be completed in two years, prepares graduates for entry-level service technician jobs in the auto repair industry. The student may be provided a unique work-study experience alternating between periods of work on-site and work in a classroom-laboratory setting.

ASSISTANT DEAN Michael McMillen

PHONE (859) 246-6774

PROGRAM ENROLLS STUDENTS: SPRING, FALL or BOTH varies, next enrollment will be in August 2010

Students wishing to enroll into the automotive program must be on the waiting list which is coordinated by Ms. Key on the Leestown campus. Forms to place your name on the wait list may be found in the One-Stop Center at the Leestown Campus.

Faculty wishes to be contacted via **phone**.

Specific office hours and days that faculty will meet with students to advise and enroll

MTWRF by appointment (normally 2-4)

Please attach to your office door each semester.

Information for summer advising for coordinators

Can the college contact you via e-mail or phone?	Yes	No
Will you reply to students' e-mails or phone calls?	Yes	No

Are there specific courses the student can take for your program that they can be enrolled in for the summer or fall semester if you can not be reached? Please list.

1. General Education courses only. (Students are not required to complete general education courses prior to entering the automotive program but may choose to take general education courses if unable to

enroll into the automotive program during the current semester.) An outline of general education courses required for the automotive credentials can be found on the BCTC web site under automotive technology. If COMPASS or ACT scores require placement in developmental courses, these developmental courses must be completed prior to enrollment in the required general education courses.

2. Other technical course may be taken to fulfill full time requirements. Technical courses in Machine Tool, Welding, Electricity/Electronics, Diesel and Industrial Maintenance are recommended or see program instructor or program coordinator for specific area.

List pertinent information for the program that may be helpful for students? Please provide below.

The automotive program currently has an eighteen to thirty-six month waiting list for students wanting to enroll. Please contact Miss. Key (859) 246-6747 in admissions on the Leestown campus for details concerning the waiting list.
